MODERN BAKERY IS OPEN FOR BUSINESS

REUILLARD WHOLESALE HOUSE BEGINS OPERATIONS TODAY

USE ELECTRIC MACHINES

Bread Mixer, Cookie Dropper, Doughnut Hopper Turn Out Goods; Plant Costs $12,000

Doughnuts—real, rich doughnuts—ground through a hopper and fried while you wait and watch, is one of the latest devices for making this great national food, that is installed at the Reuillard wholesale bakery, which opened for business today on West Third street.

As soon as the plant in is more complete shape, Mr. Reuillard is going to have a visitors' day each week so the public may watch the entire operations of bread, cake and cookie-making, done by the latest and best machinery.

The bakery represents an expenditure of $12,000 for machinery and apparatus, and it is only for the making, handling and shipping of goods. The retail shop will be at the Main street store.

The plant has a capacity of 600 loaves of bread per hour. Every machine works in perfect precision and relation with another, the room is kept at the correct temperature for raising the dough, and all machines work by electricity, each with its own motor. The flour is poured into bins where it is twice sifted and carried into the mixer. The water, filtered and heated to the right degree is brought into the mixer and after the dough is kneaded it is placed into the raiser, left to rise, kneaded down twice, placed on the table to be moulded into loaves and then through a loaf-making machine into the pans, placed on steel racks and rolled into the steam room for the final raising. The oven is made of steel, asbestos and mineral wool lined and coke fired, and twenty-five mnutes is required for a baking.

A cake mixer, a cookie dropper and doughnut hopper are separate machines for the making of these articles. The last named is not yet ready for operation on account of Mr. Reuillard's inability to yet obtain the burner. On account of the machines all being of steel some of them have been hard to obtain and the opening of the bakery has been considerably delayed. The Reuillard bakery has put out in the old shop an average of one thousand dozen cookies per week and the machine will do in two hours the amount of work done heretofore by a baker in two days 'time.

All flour, water and other ingredients in the bread is measured and weighed by machinery with accuracy and all chances of having a poor baking are eliminated if the baker is on to his job in "watching the indicator."

Mr. Reuillard has a branch retail shop at Stanberry under the management of Andy Thompson. As soon as the trade will warrant and the machinery is in shape to handle the output, Mr. Reuillard expects to run the plant to its full capacity.

COUNTY SUPERINTENDENT IN BETTER SCHOOL CAMPAIGN

Prof. Cooper Home From Dakota; President Richardson and Miss Anthony to Attend Next Week

County Superintendent Bert Cooper returned Sunday night from a week's trip in South Dakota where he has been assisting in the campaign there for better rural schools. Mr. Cooper made eleven speeches in small towns and at community meetings and traveled nearly across the state. The vitalized agriculture work as a solution for better rural schools was the subject of Mr. Cooper's addresses.

In this campaign in South Dakota, eighty educators from forty-two states have been invited to make speeches to create public sentiment in favor of better rural schools. Miss Hettie Anthony of the State Teachers College of this county will go to South Dakota next week to make several speeches on home economics. Miss Anthony is the third person to take part in this campaign, President Richardson being there a few days last week in addition to Mr. Cooper.

WOULD FIGHT TUBERCULOCIS

RED CROSS WORKERS START THE THIRD ROLL CALL DRIVE

CHAIRMAN NAMES AIDS

One Assistant Appointed in Each School District; Everyone Is Urged to Enroll

Fred P. Robinson, who has been head of the associated charities work in Maryville for several years, has been appointed chairman of the Red Cross tuberculosis aid campaign which is a part of the membership drive started yesterday.

There is no place in Maryville or Nodaway county where tubercular patients can be treated. With the work just beginning, a statement of conditions or statistics is difficult to obtain now. The vital statistical records shows two deaths from tuberculosis in 1917; six deaths in 1918 and 9 deaths so far in the ten months past of 1919. This record shows the white plague to be increasing here.

At the present time there are five active cases of tuberculosis in the city, according to the reports obtained from physicians by Mrs. F. S. King, chairman of the drive for Polk township. Two of these cases are returned soldiers and are being looked after by Miss Bettie Turner, secretary of the home service work for the Red Cross. Another case is that of a returned soldier who has been compelled to give up his vocational training because of the development of tuberculosis since his release from the army Medical statistics show there are 493 discharged soldiers in Missouri that are afflicted with tuberculosis, and the conditions require immediate work on the part of the public to remedy.

Twenty cents of each dollar paid into the Red Cross fund is kept in the local treasury and used to alleviate local conditions. It is the plan of the Nodaway county chapter to have a Red Cross community nurse and the only reason the securing of one has been delayed is because of the lack of available nurses.

Subscriptions will be received at the four city banks, the collectors being Fred Wolfers, First National; A. K. Frank, Farmers Trust Company; John Richey, Nodaway Valley, and Burt M. Rowley at the Real Estate bank. The affiliated organizations all over the country are conducting an intensive educational and preventive campaign against tuberculosis and people are urged to give their help unsolicited and not wait for the local workers to call upon them personally. A house to house canvass will be made, however, and everyone in the city will be given a direct opportunity to help.

The Polk Township drive will be made according to the school districts and the solicitor for each is as follows; Fletcher Dalby, Olwell; B. C. Hall, Ireland; C. C. Hainline, Wilcox; Miss Mary Taylor, Herpn; Arthur Jones, Union; A. R. Robinson, Swinford; J. J. Lacy, Council Grove; Walter Williams, Lasher; J. C. Evans, Rockford; Hubert Beck, Mt. Ayr Miss Sue Young, Bedison; Miss Ambrose, Rose Hill; Miss Lucy Carr, Jones Branch; Ed Russell, Scudder.

Lawrence Talbott, son of Charles Talbott caught a thirty-pound coon, Saturday on the Will Burris farm near Graham. The animal was prepared for Sunday dinner by Nat Weston, who lives on the Burris farm, and his guests were Mr. Talbott, Charles Talbott, R. B. Gex, W. G. Wilson and Mart Weston

There will be a box and pie social given Friday evening of this week at the Hardesty school, two and one-half miles southeast of Burlington Junction, under the direction of Miss Bertha Walters, the teacher.

Miss Avis Hackett of Pickering spent the week-end visiting friends attending the Chillicothe Business Collegt at Chillicothe.

MISS RUTH HANKINS, VIOLINIST TO OKLAHOMA NORMAL SCHOOL

Popular Young Artist Leaves Maryville Conservatory of Music for Similar Work at Ada, Okla.

Miss Ruth Hankins, head of the violin department of the Maryville Conservatory of Music, has been chosen to a similar position in the State Normal School at Ada, Okla., and leaves here next Friday to begin her work there. Miss Willetta Kitteil, formerly teacher of piano at the conservatory, is now head of the piano department at the Ada normal, beginning her work there in August.

Miss Hankins is a graduate of the high school, a graduate of the Maryville Conservatory of Music and has supplemented her musical studies with a course under Prof. Wort Morse, violin, of Kansas City.

Miss Hankins is highly talented and has a charming manner and presence before the public that has made her a very popular artist and been an assurance of a delighted audience whenever her name has appeared on a concert program.

The advanced study Miss Hankins has taken in the past two years has given her work a finish of technique and style that has advanced her to the rank of real artists and established her success as an instructor.

Melvin O. Sager of St. Joseph comes tomorrow to the conservatory to take up the work of Miss Hankins here. Mr. Sager has been a pupil of Prof. Wort Morse for the past five years and is highly endorsed and recommended by Mr. Morse and other instructors and musicians with whom he has been associated and who are familiar with his work.

MISSOURI'S 122 CHAPTERS START RED CROSS DRIVE

Determined to Exceed State's Quota of 769,200 Members Before the Campaign's End, Nov. 11

Kansas City, Nov. 3. — Red Cross workers in 122 chapters in 114 counties in Missouri went forward this morning on the Third Red Cross Roll Call determined to exceed the state's quota of 769,200 members before the campaign closes on Armistice Day, November 11. While the membership campaign officially started yesterday all over the United States with the observance of "Red Cross Sunday" in all the churches, solicitation for members did not begin until this morning.

Reports received by State Director, W. C. Michaels indicate that Missouri chapters are 99 per cent organized. Only one chapter had failed to report "ready" and word from that one is expected tomorrow.

"With our organization in such excellent condition I am confident that Missouri will easily go over its quota," Mr. Michaels said.

In St. Louis, Kansas City and St. Joseph parades of Red Cross workers in uniform were held at the noon hour today. All towns were liberally placarded with the Red Cross posters. In many of the cities workers were systematically organized under generals, captains and lieutenants and the entire city districted for the different divisions.

J. C. Willbrand of St. Charles, district representative, in district No. 6, reported that the school district plan of organization was being used in that section.

At Springfield, Lee Ullman, district representative for district No. 12, reported an unusually strong organization ready for work there and everything in readiness throughout the district.

All chapters will lay particular emphasis upon the peace program of the Red Cross and the fact that the present membership campaign this year is a membership—a "fellowship" campaign, rather than one for funds, it was said at state headquarters.

Revival Meetings Close.

A two weeks revival meeting which has been held at the Mt. Ayr church east of the city will close with the meeting tonight.

Rev. Thomas Young has been conducting the meetings and there has been a spendid attendance and a fine interest shown. There was a crowd of nearly a hundred present last night and a number of additions to the church membership were made.

Next Sunday morning there will be a baptismal service for twelve new members which will take place at the First Christian church in this city.

Bedison Social.

The Bedison church will have a social next Saturday, oysters, chicken pie, doughnuts and coffee will be served and all the world is invited.

SUICIDE'S NOTE IN COURT CASE TODAY

WIFE DECLARES THE SIGNATURE TO BE A FORGERY

ATTACH LIFE INSURANCE

Many at the Hearing, Which Occupies Most of Session; Bert Hull Case is Continued

Circuit court was in session today with Judge John Dawson on the bench and the case of Thomas F. DeWitt against Lloyd White and Mary White was being tried. It is a sut on a note for about $300 which the plaintiff contends was signed by Lloyd White, who committeed suicide in this city a number of months ago, and his wife, Mary White, who now lives near Siam, Ia. Mrs. White in her answer states she never signed the note and that it is a forgery. Life insurance for $2,000 was received by Mrs. White on the death of her husband and this money has been attached. Many bankers have been called by the plaintiff to testify as whether the signature on the note is the same as that on the draft for insurance.

The jury hearing the case is composed of P. C. Hays, W. R. Hughes, John Lorance, James Merrigan, J. B. Horton I. S. Dickerson, A. H. Pride, Sam McClurg, Dave Neidel, H. H. Yates, Lawrence Frazee and Howard Beedle.

The plaintiff is represented by Shinabargar, Blagg & Ellison of this city, and the defendant by Wm. M. Jackson of Bedford, Ia., and Cook & Cummins of this city.

T. O. Jackson, clerk of the district court at Bedford, accompanied his father to Maryville today for this case.

Bert Hull, who was arrested last week on a charge of disturbing the person, pleaded not guilty in circuit court and his case was continued. Sherman Cordell is the prosecuting witness.

Fined for Theft of Corn.

Paul Hodgens, on a charge of petit larceny, entered a plea of guilty before Judge John M. Dawson this morning and was fined $5 and given a sentence of one year in the county jail. For good cause he was paroled on payment of the fine and costs. Hodgens was charged with stealing some corn for his pigs.

NO COAL SHORTAGE HERE NOW WATER COMPANY SUPPLIED

Mayor Issues Orders for Strict Economy in Public Utility Plants; Supply Fairly Good

The coal situation in Maryville, or more exact, the lack of coal, is not alarming at present, according to the statement made by Mayor Garrett. The mayor has issued orders to all city utility plants to be very economical in the use of coal but for the present, operations can be carried on without any hindrance from lack of fuel. How long this will continue is uncertain. The city water plant received a car of coal Friday and Mr. Garrett secured enough men and teams to unload the entire car at once before there was any chance of it being requisitioned by the railroad. No prediction can be made yet as to how long the residents of the city can be comfortable, should the coal strike continue many weeks. With the shortage last year an dtheir experience then, more people than usual laid in a winter's supply last spring, when coal was more easily obtained.

MARYVILLE SUNDAY SCHOOL WORKERS TO SAVANNAH

G. B. Roseberry and Miss Anderson Aid in Organizing Boys and Girls at Savannah

G. B. Roseberry president of the Nodaway county Sunday school association, and Miss Bertha Anderson, head of the young girl's division, went to Savannah yesterday morning, where they assisted in organizing a young people's council in the Christian Sunday school there with 125 members.

Sterling Williams of Kansas City was also present at the meeting and the young Sunday school workers took an enthusiastic part in the organization. They also raised $125 to carry out their plans of work.

Prof. Bert Cooper, head of the boy's department of work in the county Sunday school association, was unable to attend and his work was taken by the others. The new organization includes boys and girls.

FOUR STATES WILL HOLD ELECTION TOMORROW

Governors Will be Chosen in Maryland, Kentucky, Massachusetts and New Jersey; Election in New York

Washington, Nov. 3.—Four states will elect governors tomorrow.

The Gubernatorial fights are in Maryland, Kentucky, Massachusetts and New Jersey.

November 8 there will be an interesting bye-election in the Fifth District, Oklahoma, when a member of Congress will be elected to succeed the late Joseph B. Thompson. The League of Nations is the issue.

The feature of the New York election tomorrow outside the city, probably is the campaign for assemblymen from Nassau county in which Lieut Col. Theodore Roosevelt, son of the late ex-President, is competing with Private Elias Raff, son of a tailor.

RECOVER BONDS STOLEN FROM JACKSON BANK AT CLEARMONT

Lawrence Cummins, Cashier of Looted Bank, Returns From Sedalia Saturday Night

T. A. Cummins of this city and Lawrence Cummins, cashier of the Jackson Bank at Clearmont, returned Sunday night from Sedalia, where it was discovered some liberty bonds were being disposed of bearing the numbers of the bonds taken from the Jackson Bank in their robbery. The bonds were being disposed of by C. S. Burns, a garage and taxi cab man, at Sedalia, and he states the bonds were turned over to him by parties who were to pay him a commission for the sale of them. Burns said he did not know the names of the parties but could identify them. Burns was arrested on a charge of receiving stolen property and was released under $5,000 bond.

A number of the bonds taken in the bank robbery has been recovered. Secretary Kysar of the State Bankers' Association at Sedalia had the numbers of the stolen bonds at Clearmont and when efforts were being made to dispose of bonds bearing same numbers as taken at Clearmont at a Sedalia bank, he had the party arrested and sent word to the bank at Clearmont.

HOPKINS TOWNSHIP TO BUILD HARD-SURFACED STATE ROAD

Will Present Petition to County Court; Confer With Union Township Men on Similar Plan

At a meeting of from twenty to twenty-five land owners of Hopkins township held at Hopkins Saturday afternoon, it was decided to build a hard-surfaced road on the state road in that township under the Hawes law. A petition for such a road will be presented to the county court soon and it is expected it will be signed by a large number of farmers in that township.

A committee composed of Will Alexander, W. S. Nicholson and Harry Dalby was appointed to confer with the men in Union township in regard to hard-surfacing the state road in that township, which project has been under consideration for some time.

Under the Hawes law, it provides for a special road district, and all laid a mile and a half on each side of the road is to pay proportionately for the road. State aid is also provided for under this law. The state road in these townships have been selected by the state highway department.

Ship Loaders at Work.

New York, Nov. 3.—The longshoremen's strike, which has paralyzed all shipping here for the past three weeks, ended today. Although no official statement has been issued, all strikers returned to work today.

Washington, Nov. 3. — President Johnson of the machinists' union, declared today upon his return to Washington from Cleveland that there would be a political and industrial revolution in this country if the government continues injunction activities against labor."

UNION MAKE MOVE END COAL STRIKE

GOVERNMENT TIES UP BENEFIT FUND BY INJUNCTION

NO MINES IN OPERATION

President Wilson Refuses to Appoint Arbitration Commission While the Strike is On

Washington, Nov. 3. — It is being freely predicted at the headquarters of the American Federation of Labor today, that the coal strike will end by Saturday. The opinion was prevlaent that the miners and operators would get together for a settlement by that time.

Edgar Wallace, Washington representative for the mine workers, declared this afternoon that the coal miners were willing to negotiate with the operators on either basis, that of a present settling price or upon a basis of cost necessary.

Washington, Nov. 3.—With the strike fund of fifteen million dollars belonging to the United Mine Workers about to be tied up by a restricting order from the department of justice and the refusal of President Wilson to appoint an arbitration tribunal while the strike is in progress, the two main issues of today's news, according to statements issued from Washington, the stage appears to be set for a decisive move in the strike conditions.

The president, it was stated, is ready to appoint a commission to settle the differences between employers and miners, but would not do so while the strike was in progress. The Minneapolis department of justice also announced that any other strike benefit funds that might be raised will be likewise restricted, which order would cut off all available benefit funds obtainable through the unions.

Indianapolis, Nov. 3.—Plans are being made here today for a legal battle to be staged by the attorneys for the miners' officials and the United States government in the federal court Saturday when a hearing will be held for the government's plea of a permanent injunction against the miners officials in an effort to break the coal strike.

Springfield, Ill., Nov. 3.—The third day of the coal strike saw conditions in Illinois fields unchanged from the opening day and not a mine working. No disturbances are reported.

Denver, Colo., Nov. 3.—The real test of the coal strike in Colorado is expected today, following the announcement from all the big operators that the mines would be opened this morning and protection furnished all miners ready for work.

Pittsburgh, Pa., Nov. 3. — Reports from several of the big coal mining centers near Pittsburgh showed no change in the strike situation. Union miners who obeyed the strike order Saturday are still out and no attempt has been made to resume operations.

New York, Nov. 3.—In the wake of the coal strike, a cold wave swooped down on New York today. It was announced that there would be further curtailment of train service made in order to conserve fuel.

Columbus, O., Nov. 3.—More than 40,000 union coal miners are out today and, according to statements issued by miners' union headquarters, all will stay out.

Charleston, W. Va., Nov. 3.—The coal strike in West Virginai practically remains unchanged, with all miners out.

SUPERIOR CAST IN 'REVELATION'

Nazimova, The Great Metro Star, is Supported by Charles Bryant, Frank Currier, Bigelow Cooper And Others

Nazimova, the great Metro star, is assisted by a superior cast in her initial Metro pictures, "Revelation", at the Electric Theater Wednesday and Thursday nights. Her leading man is Charles Bryant, who is seen as Paul Granville, an American artist. Bryant has previously played opposite the star in both the vaudevile and motion picture versions of the war play, "War Brides," and in many other productions.

Frank Currier, who plays the reverend Prior of the Monastery, is a Metro favorite who has appeared with practically every star in the Metro constellation. Among the pictures in which he has appeared are: "Outwitted," with Emily Stevens; "The Trail of the Shadow," Emmy Wehlen, and "The Greatest Power" with Ethel Barrymore.

Bigelow Cooper, who portrays Count de Roche, is a well-known screen player who was for years a member of the Edison forces, appearing in their leading productions.

Syne De Conde, who plays Duclos, the Apache Lover, is a talented French player, who makes his American motion picture debut in "Revelation." He was a favorite actor in his native land and has seen service in the great world war. Another Frenchman in the cast is Eugene Borden, who plays the boy, Pierre. He played George Alden in "Draft 258," and George Wallace in "The Slacker," both patriotic pictures produced by Metro.

WOULD JUST SIT AND CRY, SHE SAYS

Mrs. R. L. Moore Was On Verge of Nervous Prostartion—Gains Twenty Pounds

"Before taking Tanlac," said Mrs. R. L. Moore of 1615 Elmwood street, Kansas City, Mo., in a statement, recently, "I was so nervous, miserable and despondent that I would just sit and cry.

"My appetite left me nearly two years ago," she explained, "and my stomach got in such a bad fix that I could not eat anything but what would ferment, causing gas and intense pain. I was constipated all the time and my head ached so bad that I had to use ice on it to relieve the pain. My condition was so bad for months before I began using Tanlac that I was unable to be up, much less to do my housework, and I believe I was right on the verge of nervous prostration. I could hardly sleep and no one will ever know how miserable I did feel, because I just can't fully describe it.

"A friend of mine got after me to try Tanlac, but I refused at first, because I had tried everything else and had lost nearly all hope of ever getting well. But she insisted until I made up my mind to try it, and before finishing tse first bottle I was so much better that I got another and kept on taking it with perfectly wonderful results. I can eat just anything now without the least trouble afterwards and I have actually gained twenty pounds in weight. I have been entirely relieved of headaches, nervousness and everything and can sleep every night as sound as when I was a child. The work in my seven-room house is easy for me now, for I am feeling just fine. Now this is just what four bottles of Tanlac did for me and I certainly do think it is the grandest medicine in the world."

"Tanlac is sold in Maryville by Koch Pharmacy, in Conception Junction by A. M. Colly, in Pickering by H. M. Lincoln, in Burlington Junction by Coster Pharmacy, in Barnard by Bear Drug Co., in Elmo by King Drug Co., in Clearmont by Dr. W. H. Wiley, in Ravenwood by C. A. Shunk, in Arkoe by Rufus R. Smith, in Hopkins by Hopkins Drugs Co., and in Parnell by F. L. Hart." ADV.

AUTO CRASH FILMED WITH UNIQUE DETAIL

Locomoive Demolishes Machine in Big Vitagraph Film

An automobile-train collision in which nothing is left to the imagination is one of the outstanding thrills of the Vitagraph picture "Shadows of the Past" which will be shown at the Electric theatre on Monday and Tuesday. Anita Stewart is the star.

This collision scene is different from the collision spectacles ordinarily placed on the screen in that the action is complete. Generally the action of such a scene consists of an automobile and train racing at angles toward ach other at a crossing, and then a "flash" of the machine being tossed to bits.

The automobile in this case is seen to travel across the path of the locomotive to safety, then to be struck at the tonneau. An the further remarkable fact is that the occupants of the car are seen apparently in full animation and reality at the very moment of contact. They appear to be plainly no "dummies."

When the machine is struck it is hurled twenty feet into a heap of ruins, with the faces of the dead showing from the wreckage.

Ralph Ince, the director, is believed to have accomplished a remarkable piece of work in this scene as well as many others that crowd rapidly through the film.

BAD BREATH

Dr. Edwards' Olive Tablets Get at the Cause and Remove It

Dr. Edwards' Olive Tablets, the substitute for calomel, act gently on the bowels and positively do the work.

People afflicted with bad breath find quick relief through Dr. Edwards' Olive Tablets. The pleasant, sugar-coated tablets are taken for bad breath by all who know them.

Dr. Edwards' Olive Tablets act gently but firmly on the bowels and liver, stimulating them to natural action, clearing the blood and gently purifying the entire system. They do that which dangerous calomel does without any of the bad after effects.

All the benefits of nasty, sickening, griping cathartics are derived from Dr. Edwards' Olive Tablets without griping, pain or any disagreeable effects.

Dr. F. M. Edwards discovered the formula after seventeen years of practice among patients afflicted with bowel and liver complaint, with the attendant bad breath.

Olive Tablets are purely a vegetable compound mixed with olive oil; you will know them by their olive color. Take one or two every night for a week and note the effect. 10c and 25c.

Red Cross Man Exempt From Jury.

Kansas City, Nov. 1. — Workers in the Third Red Cross Roll Call campaign, November 2-11, are reminded of the importance of the success of the campaign by Federal Judge Arba S. VanValkenburgh of the Western District of Missouri, in a letter excusing Albert F. Smith, Roll Call director of the Carrol county chapter, Carrollton, Mo., from service on the petit jury. That the campaign is a "public enterprise of the greatest moment," Judge VanValkenburgh declared. "I do not wish to embarrass you in the discharge of this exacting and patriotic duty," he went on, "and I trust the good people of your jurisdiction will fully appreciate the responsibility of your position by making an exceptional showing for your and their county."

Cutting the Corners

IN discussing the Standard Oil Company, a well-known lawyer said: "The underlying causes of whatever trouble this organization may have had are to be found in its efficiency and its advanced methods, which make competition difficult. As a producer and distributor of petroleum products the Standard Oil Company leads the world."

It is a matter of pride to those responsible to the 4649 stockholders that the Standard Oil Company (Indiana) has been able to so operate its business as to insure a maximum production of useful products at a minimum of cost, and it has always been the policy of the Company to sell its products to the consumer at a minimum price.

During the past five years when the industries of the world have been disorganized by war, and the cost of production has been increased tremendously, the Standard Oil Company (Indiana) by reason of its advanced methods has been able to keep the price of petroleum products at so low a point that the people of America can afford to use the output of the Company in ever increasing quantities, while elsewhere in the world only the wealthy can enjoy the comforts of these commodities.

This condition has been brought about by largely increased facilities, and by careful conservation of raw materials.

Thus, in spite of tremendous increases in cost of crude oil and labor, the Standard Oil Company (Indiana) has been able to fulfill its obligations in a manner satisfactory and beneficial to the stockholder, the employee and the public.

A Help for the Housewife.

For the benefit of the housekeeper, the bureau of standards, department of commerce, has published a card, to be hung in the kitchen, giving information useful in the household. This includes weights and measures equivalents, weights per bushel of the more common vegetables and fruits, weights per cup of household commodities, such as sugar, butter, lard, flour and rice. Much other useful information is condensed upon this card. Until the supply is exhausted, copies of this publication may be obtained by writing to the bureau of standards, Washington, D. S., and requesting Miscellaneous Publications No. 39, Household Weights and Measures.

To Seek Declaration of Faith.

Bible institutes, Bible colleges and Bible training schools of the United States and Canada are to have a conference in Chicago next February at the Moody Bible institute for the purpose of considering a declaration of faith on which all of them can stand, and a common educational standard which would be a basis of credits for students passing from one institution to another. A call for the appointment of delegates to the conference has been issued by Rev. James M. Gray, D. D., dean of the Moody Bible institute, and Dr. John McNicol, principal of Toronto Bible college.

Laclede to Welcome Pershing.

Laclede, Mo., Nov. 1.—Now that General Pershing has definitely announced that he will visit his old home here, during his proposed tour of the country, to view the war industries built up during his absence in France, Laclede citizens are pushing for a big celebration when he arrives. Five thousand dollars has been raised for a gold sword to present the general and elaborate arrangements are being made for his reception.

Make Tests to Measure Laziness.

London, Nov. 1. — American boys will never believe it, but two women scientists who are making tests in schools to measure the laziness of boys claim their experiments are based on plans that were furst used in America. It may be a great international question some day, for the English boys, if the wome nknow their business and succeed in their measurements, are going to grow up with an ingrown grouch against the land where "laziness measurement" was born. One trial test will be measuring the amount of carbon dioxide in Cyril Smith's immediate neighborhood. If he's using all his energies the air will be full of carbon dioxide. If it isn't, he'll be loafing.

Daughter, 17, Queers Story.

Wichita, Kan., Nov. 1.—Mrs. Myrtle Walter, who, it is said, told her new husband that she was 22 years old evidently erred the other day when she led forth for his inspection her 17-year-old daughter. Then Adolph Walter, the husband, who is only 19, balked. Divorce proceedings, it is understood, have been brought by Adolph's father.

Mice as Weather Forecasters.

Concordia, Kan., Nov. 1.—Now comes the mouse as a weather "forecaster." Back to the hills with the wild geese, beaver, and other "old timers" in the forecasting game. Says a Kansas pioneer, writing to a local newspaper: "I never saw it fail. I've watched these Kansas rodents for many years, and when the rodents come into the town houses you can be sure they have that peculiar hunch which wild things have that a severe winter is coming. If I had anything to say about it, and had to stock up for a svere stretch of hard weather, I certainly would do it."

D. A. R. Meeting.

The November meeting of the D. A. R. chapter was held Saturday afternoon at the home of Mrs. Fred Kurtz, with Mrs. H. L. Raines, Mrs. Beal Roseberry and Mrs. Dale Bellows as assisting hostesses. At the business meeting the chapter voted to assist Doctor Richardson, president of the State Teachers College, in having a school of citizenship. The program for the memorial dedication of the "Avenue of Hard Maples," November 11, will be announced in a few days. The trees will be planted along the driveway southwest of the State Teachers College and each tree will represent a "gold star" hero. In addition to the trees, it is planned to erect a column at each end of the avenue on which will be affixed bronze plates bearing the individual names of the Nodaway county boys who made the supreme sacrifice. The committee in charge of the dedication ceremonies comprise Mrs. Ed G. Orear, Mrs. S. A. Coile, Miss Kate Willis, Miss Beulah Brunner, Mrs. C. C. Corwin, Miss Olive DeLuce, Mrs. Charles Bell, Mrs. Beal Roseberry, Mrs. R. S. Braniger, Miss Marjorie Wilfley, Miss May Corwin, Mrs. D. J. Thomas and Mrs. Joseph Jackson.

Miss Beulah Brunner took the chair and the officers selected at a meeting of the chapter July 3 were confirmed. They are Mrs. W. J. Montgomery, regent; Mrs. Joseph Jackson, vice regent; Mrs. H. A. Foster, recording secretary; Miss Katherine Helwig, corresponding secretary; Miss Mary Q. Evans, treasurer; Mrs. C. C. Corwin, historian; Mrs. D. J. Thomas, registrar; Mrs. Dale Bellows, librarian; Miss Elizabeth Leet, custodian.

The first program number, "The Budget System," was read by Miss Katherine Helwig. "Bolshevism in Russia" was discussed by Miss May Corwin, and Mrs. H. A. Foster spoke on "Bolshevism in the United States." The program was followed by the serving of refreshments and a social hour.

The members in attendance included Mrs. Charles Bell, Miss Beulah Brunner, Miss Katherine Carpenter, Mrs. C. H. Progressive Ghost Party.

Misses Margaret Louise Hosmer and Katherine Remus entertained a number of friends at a progressive "spook" party Saturday night. The affair began in the basement of the Hosmer residence, which was decorated with witches, black cats and other Halloween decorations. The guests, who came masked, were met at the basement door by a witch. When all the "spooks" had assembled a ring was formed, in the center of which stood one of the hostesses with her wand. The "spooks," holding hands, continued dancing in a circle until the center ghost, with her mysterious wand, touched one of the number. Each one was given three chances of guessing the name of the one pointed out and the successful one was allowed to unmask. The game was continued until all had unmasked. The first course of the Halloween luncheon was then served. In the corner of the room was a pumpkin booth, where cider was served from a pumpkin, the dipper being a gourd. The witch with three taps commanded the ghosts to follow her, and after a circuitous route the party found themselves in the basement of the Remus residence. Here Halloween stunts and ghost stories were the features, after which the second course of gingerbread and cider was served. The affair was concluded at the Hosmer residence with an apple bobbing. The ghosts, seated on sticks of wood set on end, were served the last course of popcorn balls, apples and peanuts.

Halloween Party at High School.

The beginning senior class of the High School entertained with a Halloween party Saturday night in the gymnasium for the advanced seniors and faculty. Witches, black cats and other appropriate decorations which were planned by Eldon Job, were used in the gym. In a musical nut hunt, Miss Katherine Carpenter and Perry Eads received the prizes of jack-o'-lanterns. Miss Cleona Kirch, attared as a jack-o'-lantern, sang "Jack-o'-lantern," and Miss Mabel Messick read "The Cornstalk Fiddler." Miss Audrey Craig, impersonating a witch, passed out fortunes, and Misses Alice McMurry, Helen Curfman and Mona Marie Everest were in charge of a stunt hall for telling fortunes. The guests in groups of six were then taken to one of the rooms where Chilton Robinson told the weirdest of tales. The next stunt was a "spook" walk led by Miss Ruth Bookman, the guests all being blindfolded. Refreshments of cider, doughnuts and pumpkin pies concluded an enjoyable evening.

Cider was served from a large iron kettle suspended from a tripod of three broomsticks. The table was decorated in keeping with Halloween and the "punchbowl" was presided over by Miss Margaret Remus, Miss Alice Welling, Miss Margaret Sorrie, Miss Mildred Nicholas, Miss Esther Pfeiffer, and Miss Gladys Hahn. The guests were Misses Irene Maxwell, Mary Miller, Blanche Hall, Blanche Masters and Wilson Seiler of the advanced class, and Mr. and Mrs. J. M. McDonald, Mr. and Mrs. L. E. Zeigler, Mr. and Mrs. E. C. Hall, Miss Alicia Keeler, Miss Laura Hawkins, Miss Ruby Means, Miss Jessie Roberts, Miss Martha Denny, Miss Anna Bainum, Miss Katherine Carpenter, Miss Maria Hart, Miss Bertha Northcutt and Roy Ezell of the faculty.

THIS WOMAN SAVED FROM AN OPERATION

By taking Lydia E. Pinkham's Vegetable Compound, One of Thousands of Such Cases.

Black River Falls, Wis.—"As Lydia E. Pinkham's Vegetable Compound saved me from an operation, I cannot say enough in praise of it. I suffered from organic troubles and my side hurt me so I could hardly be up from my bed, and I was unable to do my housework. I had the best doctors in Eau Claire and they wanted me to have an operation, but Lydia E. Pinkham's Vegetable Compound cured me so I did not need the operation, and I am telling all my friends about it."—Mrs. A. W. BINZER, Black River Falls, Wis.

It is just such experiences as that of Mrs. Binzer that has made this famous root and herb remedy a household word from ocean to ocean. Any woman who suffers from inflammation, ulceration, displacements, backache, nervousness, irregularities or "the blues" should not rest until she has given it a trial, and for special advice write Lydia E. JIM ANDY FORD

FAMILY MARKED BY ODDITY

London Newspaper Tells of Strange Fate That Pursued Group Both In Life and Death.

There lived at Ipswich in the reign of William III a family known as the "odd family," a most appropriate name, as the following facts prove, London Answers states:

Every event, good, bad or indifferent, came to that family in an odd year or an odd day of the month, and every person was odd in manner or behavior or appearance. Even the letters of their Christian names always amounted to an odd number.

The father and mother were Peter and Rahab; their seven children (all boys) bore the names of David, Ezekiel, James, Jonas, Matthew, Roger and Solomon. The husband possessed only one leg and his wife only one arm; Solomon was blind in his left eye and Roger lost his right in an accident; James had his left ear torn off in a quarrel. Matthew's left hand had but three fingers.

Jonas had a stump foot, David was humpbacked and Ezekiel was 6 feet 2 inches at the age of nineteen. Every one of the children had red hair, notwithstanding the fact that the father's hair was jet black and the mother's white.

Strange at birth, all died as strangely.

The father fell into a deep sawpit and was killed, the wife died five days after from starvation. Ezekiel enlisted, was wounded in 23 places, but recovered. Roger, James, Jonas, David and Matthew died in 1713 in six different places on the same day; Solomon and Ezekiel were drowned in the Thames in 1723.

RECALL LEGENDS OF HAWAII

Two Idols, Recently Unearthed, Bring to Memory Folklore Tales Almost Lost to Memory.

Of the two old Hawaiian idols lately found concealed in the earth at Hookaupu, Paukukalo, one, a female idol, is in a fairly good state of preservation. The idol is supposed to be that of Kihawahine, the Undine of Maui myths. Her haunts are the springs at Paukukalo, the Kauaha pond, and the matchless pools in the wooded glens around Pilholo, Makawao.

The legends about her compare with those of the German fairy folklore, and around the charms of her person as she sits combing her wealth of golden tresses at the edge of some bathing pool is woven many a half-forgotten Mauri folk tale.

In some of the latest ones she is reputed to have lured two haoles at different times on a merry chase only to see her disappear in one or another of the deep, clear-water pools among the wooded glens of Pilholo. One, a doctor, ended his aimless wanderings to her glenwood haunts by becoming a paralytic, the other, a woodcutter, never ceased to describe the charms of this "wonderful woman with the golden hair," always able to elude his embrace, but ever beckoning him on to her lair among the vines and trees and pools and crags of the glens about Pilholo.—Wailuku (H. I.) Times.

The Cynical Actress.

The late Oscar Hammerstein believed that the actresses should lead a pure life.

"Cynical, disillusioned actresses are no good," he once said at a dinner. "I remember an actress of mine some years ago who fell down badly in a part I'd given her.

"'Look here,' I said the morning after she fell down, 'all the critics say you don't show half enough emotion in the scene where your husband leaves you never to return.'

"The cynical, disillusioned creature gave a tart laugh.

"'Oh, I don't, don't I?' she sneered. 'Well, look here, Mr. Hammerstein, I've had six husbands leave me never to return, and I guess I know how much emotion ought to be shown in such circumstances as well as anybody.'"

Safe Light for Miners.

Nowadays the up-to-date miner carries a package of electricity about with him while underground. It is a small storage battery attached to the back of his belt, and is connected by a cord with a lamp fastened to the front of his cap. The lamp, provided with a reflector, throws quite a flood of light in front of the miner. But its chief advantage is absolute safety. In olden days miners (who must, of course, have light) carried about with them open-flame lamps. These caused innumerable disastrous accidents through ignition of coal dust or gases. Sir Humphry Davy's invention of a safety lamp whose flame was protected by a wire gauze saved an immense number of lives. It is in common use today, but the electric mine lamp is better and more convenient.

Death Took Old and Young.

During the war the London Times, either wittingly or unwittingly, published innumerable items about the very old men and women in the British empire who were dying off. Their great age, their longevity, formed a melancholy contrast to the slaughter of youth then going on in Europe. During six months in 1918, 312 persons over one hundred years old died in the British isles, but the figures of young men who fell during that time before the guns of the enemy and who died with influenza mounted toward a million. Not one of the old, be it said in passing, died from "flu."

DRIVE AWAY HEADACHE

Rub Musterole on Forehead and Temples

A headache remedy without the dangers of "headache medicine." Relieves headache and that miserable feeling from colds or congestion. And it acts at once! Musterole is a clean, white ointment, made with oil of mustard. Better than a mustard plaster and does not blister. Used only externally, and in no way can it affect stomach and heart, as some internal medicines do.

Excellent for sore throat, bronchitis, croup, stiff neck, asthma, neuralgia, congestion, pleurisy, rheumatism, lumbago, all pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frosted feet, colds of the chest (it often prevents pneumonia).

30c and 60c jars; hospital size $2.50.

Starts "Elderberry Drunks."

Lecomfption, Kan., Nov. 1.—"Snowball" Long, a well known character here, was returned to the Kansas penitentiary to serve out an unexpired term as the result of an "epidemic" of "elderberry" drunks, of which he was declared to be the originator. "Snowball", home on a pardon, made a concoction at home from elderberries which, officers said, had a decided "kick." Cases of drunkenness became frequent. When two members of the road gang were found dead drunk in his yard the sheriff decided to lock "Snowball" up. The stock of wine—homemade—was confiscated.
